

HEART TRANSFORMATION CONFERENCE REPORT FOR EAST AND CENTRAL AFRICA AND OTHER ACTIVITIES IN 2022

HEART TRANSFORMATION CONFERENCE KENYA.

We had a successful conference in Kenya and the turn went beyond our expectation because pastors and leaders confessed that they could not afford to lose this great visitation of the holy ghost. We had 286 delegates instead of 200 as earlier expected.

One of the bishops that oversee over 34 churches in western Kenya requested the coordinator of Heart transformation in East and Central Africa, Bishop John to start Heart Transformation training centers in these churches found in kitale district, kakamega district and kisi district. The great move of God in the conference has caused Heart Transformation to expand in Kenya and we are in preparations of opening more 48 Heart Transformation training centers in those mentioned districts. The pastors and bishops are so much excited and ready for the move of God through Heart Transformation in Kenya.

Bishop John and Pastors of Kenya during Heart Transformation conference

TESTIMONIES

We had 9 people that testified about Heart Transformation effectiveness in their ministry

One of the pastors, in whose church Heart Transformation training center started last year before lock down, had 20 church members but through Heart Transformation teachings from the school of transforming community book, his church now has 56 members. This is because the ministers and church members learnt how to serve God under the guidance of the holy spirit. The church is now on fire for God.

There was a woman who had tumours in her womb for over 2 years experiencing severe pain but after reading the Heart Transformation book, she learnt how to pray an effective prayer, raised her faith and after her prayer of demanding for healing from God, she went back to the hospital and after 1 month of reading Heart Transformation book and prayer in their group, she was diagnosed and found totally healed. We thank you again man of God for obeying the voice of God to write this life changing book.

After those testimonies and the conference, Heart Transformation is now on high demand in Kenya.

CHALLENGES

1. Prices of things were very high and things were more expensive more than the budget we made and this increase was due to fuel prices that were hiked because of scarcity of fuel.
2. Failure of pastor Keith coming for the conference due to people's high expectation was challenging to change their mind.

3. The pastors in Kenya are money minded, they wanted us to pay them so that they can organize the conference we finally talked to them and they understood though some things weren't organized as we wanted.
4. Instruments were also a big challenge the ones they hired disturbed us a lot and we ended up not using them and yet people were very many and yet we needed to use instruments
5. Zoom meeting was a challenge in Kenya because we hadn't not received the money yet for zoom
6. People in Kenya are finding difficulties in reading the English heart transformation books and they want it in Kiswahili

WAYFORWARD

We are going back to a district called Eldoret with Heart Transformation conference from 27th -31st march, 2022 and to open up 11 Heart Transformation centers in Eldoret district.

HEART TRANSFORMATION CONFERENCE TANZANIA

We had an amazing turn up of delegates for the Heart Transformation conference in Tanzania. We registered a turn up of 379 delegates. This forced us to have the conference for 2 days because delegates here came very early and spent a night at the conference ground and those who came on day one after experiencing move of God, invited other people to come and this doubled the turn up. And because of the immense turn up, we were forced to shift the conference from church to an open ground in order to accommodate delegates.

Many people were touched by the power of God and those that attended most to this conference were bishops and lead pastors and top church leaders.

Bishop John and the bishops/pastors of Tanzania during the Heart transformation conference in Arusha Tanzania

TESTIMONIES

The testimonies were very powerful from Heart Transformation centers in Tanzania and some of the pastors had been struggling with their families through Heart Transformation trainings in the conference, their lives and families changed. We had lead pastors and bishops that oversee many churches churches in Tanzania and we in preparations of going back to Tanzania in April for 15 days to

open up more than 59 Heart Transformation training centers in Arusha district and Mosh District.

Many pastors are registering their church members to go through Heart Transformation trainings every day ever since we left Tanzania and so far 202 people have registered.

CHALLENGES

1. The expectations of the delegates about Heart transformation President's coming to Tanzania (pastor Keith) was very high but bishop John explained to them about your health and they understood it and prayed for your healing.
2. Tanzanian currency rates are very high and this hiked prices of things beyond our budget.
3. Zoom meetings in Tanzania were a challenge because we failed to get audio sound from pastor Keith's side. We didn't have our team of media because the air ticket, feeding and accommodation was very expensive. The media team in Tanzania failed to get the audio sound even though everything was already connected. We missed a lot and people missed too but bishop John told them that preparations will be done and Pastor Keith will visit Tanzania very soon.
4. Transportations when in Arusha in that hiring a van was challenge
5. Getting machines was also a challenge
6. Tanzania Pastors are also finding difficulties in reading the English heart transformation books because they use much of Kiswahili and a few of them understand English language and they want it in Kiswahili Language.

WAY FORWARD

We need to go back to Tanzania in April for 15 days opening training centers with Heart Transformation books of Kiswahili and also opening up 59 Heart Transformation training centers.

HEART TRANSFORMATION CONFERENCE UGANDA.

We had a very successful Heart Transformation conference in Uganda and the turn up of the delegates was very high more than what we expected. Because we had just come out of lock down and people are still scared of gathering and we are still observing all the standard operating procedures but we thank God people came in big number that we didn't expect. A total of 638 people turned up for the conference and of these, over two hundred were bishops, lead pastors and ministers. Delegates were very much excited when Pastor Keith gave his welcoming remarks through zoom and prayed for him for healing. The procurement for requirements

for zoom delayed because the money had not yet reached on our account and this disrupted our zoom program.

Heart Transformation conference Uganda, Bishop John praying for the people during Heart Transformation conference in Uganda

TESTIMONIES

Two churches were started through Heart Transformation trainings and In Buikwe district, Churches have increased in number and there is rapid spiritual growth because of the ministers learning what to do through Heart Transformation trainings.

Pastors and bishops testified and thanked God for this Revival Conference because it revived their prayer life and as we speak, their churches are on fire for God. We are still receiving appreciation messages from bishops and lead pastors for considering them as delegates for this encounter with God.

CHALLENGES

1. Accommodation

The rates for accommodation were very high beyond our budget because the government had opened up schools and getting a place where the delegates were to reside throughout the conference was very difficult and costly.

We had to organize a decent accommodation for delegates and therefore hired mattresses which were also expensive because schools were open and the cheap mattresses were being used by the students.

2. Zoom meetings

The procurement for requirements for zoom delayed because the money had not yet reached on our account and this disrupted our zoom program.

3. Transportation

The transportation of the delegates to Kampala for the conference was a challenge because of overhiked journey fares due to high fuel prices. However, over 200 delegates attended the conference from districts of Mayuge, Tororo, Iganga and Buikwe districts.

WAYFORWARD

We are believing God,

1. To visit all Heart transformation centers in Uganda and to open more in different regions in Uganda
2. To build a Heart Transformation Training center hall, offices and guest house
3. To get Heart Transformation equipment
4. To get Heart Transformation van
5. To get Heart Transformation office
6. To get 3,000 Kiswahili books for Kenya and Tanzania

Nb. Stand with us in prayer that God will give us the grace and provide finances.

UPDATE ON HEART TRANSFORMATION TRAINING CENTER IN BURUNDI

Bishop John is in preparations of traveling to Burundi in the month of March for launching this training center and other training centers. We are only waiting for the confirmation from Pastor Bukitwa Bazika for bishop to travel to Bujumbura town.

HEART TRANSFORMATION ORPHANS

The area where we bought land of Heart Transformation ministry was very much affected with HIV/AIDS.

It has children that are homeless, having nothing to eat, they are not in schools because they don't have school fees. This touched bishop John and when he was interceding for this area, the lord revealed to him that he(GOD) took Heart transformation ministry to that place with a purpose of transforming the entire community. Bishop John immediately obeyed the voice of God and started to feed a few of these fatherless kids and to give them a future through education and helping them to know Christ with the little he had. And as a result of obeying God's voice, many people have given their lives to Jesus Christ because of what Heart Transformation has done through this program.

These orphaned children are yearning to see Pastor Keith and mum Karen because most of the time bishop John shares with them about pastor Keith and mum Karen as the vision bearer of Heart Transformation.
