

HT NEWSLETTER – 4/5/22

HT works with Pastors, Leaders, Churches & Businesses to be Saturated with the Presence of God.

NIGERIA RECEIVED & CONTINUES TO SPREAD GOD'S FIRE:
Lives are contagiously attractive to others because they are living with outrageous joy & love from God.

This love compels them to share with others.

When Keith was with Cross River State in Nigeria, he encouraged them to **bear fruit and exhibit revived lives**. During the Ambassador Training there were 3 Archbishops, 2 Bishops and many church Founding Fathers. They were trained and questions were answered. Keith **prayed for each of them** and gave them each a **Clutching Cross**, explaining that the strength of their ministry depended on how well they hung onto and **lived "in Him"**! We are sending more crosses. They found them vital reminders of the messages they had heard and wanted everyone to have one. As they go about sharing their testimonies with others, they want new members to have this same cross.

In Lagos, Nigeria, there was nearly 100 participants listening as Keith preached God's Word and message. He also held a very serious meeting in which he showed his other side: the strong, disciplined, purposeful leader; stating point blank that they needed to **bear Kingdom Fruit** and stop their complaining.

Keith officially announced **Pastor Fresh as the Director of Nigeria**. There was a sense of peace and purpose as God directed them!

TESTIMONIES:

Pastor Chiemela Ugbogu, a HT Prayer Coordinator, said that he and his younger brother had been at enmity for 14 years due to a fight in which the younger brother had broken a bottle and stabbed him. Pastor Ugbogu became **filled with bitterness**. During the Conference the Lord **healed his heart** and he called his younger brother for **reconciliation**.

A woman came to the reality that she had an issue with anger in her heart. She knew her heart needed to be transformed. She listened and received the HT

message of how the Lord could transform her heart if she was willing to **surrender her bitterness to Him**. As she confessed and repented, the HT group prayed for her. In her own words: "I let go of unforgiveness. Can you believe it, the next day I was promoted at my workplace in the Akwa Ibom State Government. Unforgiveness must have been what was holding me ransom. Praise God!"

Archbishop Friday from Cross River State was **healed of a heart condition** and therefore decided to do God's work right away, putting all his trust in the Lord.

More testimonies are rolling in...God is truly at work!

Thank you for your contributions to the ongoing **MOVEMENT OF GOD** through the HT work. Lives are changing, people are spiritually growing and experiencing God's nearness and power in their lives!

Thank you for your prayers! Keith's health is much better.

Isaiah 64:1 Oh, that you would rend the heavens and come down...

Saturation ensures Transformation!

CROSS RIVER STATE:

Pastor Fresh & Ngozi - HT DIRECTOR OF NIGERIA

LAGOS:

Thank you so much for your generosity. We have paid off the **\$7,000** owed to our India Printer & the **\$2,100** owed to Ghana.

Keith & Karen Peterson
