

**INSIGHTS
4MINISTRY**
Coaching & Mentoring

Dear Pastor

As a retired pastor with over 48 years in ministry, I am aware of the tension of measuring how our church can be the most **effective at being a part of reaching the world around us**, while we seek to be **active reaching those in our community** near us. The needs are great, and the resources are limited. So how do we make the most of what God has blessed us with in order to invest for His glory and to **reach as many as possible worldwide**?

To seek to do this as a steward of God's resources, I have prayerfully sought out ministries having a significant impact in the world using as little of God's resources as possible to accomplish this work. One of those ministries God led me to was Heart Transformation (HT) for Kingdom Living. They have written curriculum, developed training for church leaders and set up networks with existing pastors and churches all across Africa, that is producing **thousands of souls trusting Christ as Savior, while setting current believers free from their natural patterns of the flesh**. Additionally, the Heart Transformation ministry has the Pastors & Leaders in training to be active Disciples. This training & development (called Community Training Centers) meets twice per month, and they continue meeting for years. At the end of 2024, HT has 8,046 Community Training Centers.

I have personally gone through this curriculum, used it in my small groups ministry and then gone to several countries in Africa and visited several of these networks that are equipping leaders to grow believers and redeem the lost to the glory of God. I would encourage you to please look at the enclosed information and see if God would not lead you to join me in becoming a partner in this ministry.

If you would like more information, please don't hesitate to contact me or Keith Peterson (719-649-1572) at the ministry itself.

In Calvary's Bonds,

Dr. David Palmer
