Compliments of the season to you...

I am writing to you as one of the people that your ministry has had great impact on.

Many pastors and bishops have testified greatly about the impact of your ministry to their lives and denominations, particular mention is a well-trained Anglican priest who told me that he is vast in theology but that his understanding of Christianity and the person of the Holy Spirit changed when he came in contact with HTI and SOTC and he is forever grateful to you Pastors Keith and Karen Peterson.

Thousands of people are coming together bi-weekly to fellowship and study from SOTC in Nigeria and they share terrific TESTIMONIES, ranging from **personal life transformations** to **church explosive growth**.

In Nigeria particular, we have over 3, 500 active HTI Training Centers. We have had multiple people including Muslims give their hearts to Jesus, all because you accepted to answer God's call and honor the Lord with your lives.

Personally, I remember in one of your visits to Nigeria, the cab that I ordered to come and pick us up for community visits, was delayed and my car wasn't working good and it had no air conditioner, but you insisted that we could go with my car and you said something that changed my mind set in ministry for life... You said to me and I quote " I am not a celebrity and I am not a star, I am a missionary, Pastor Fresh let's go with your car". You taught me genuine, sincere and sacrificial ministry approach and Christian life style.

I have been involved in Christian ministry before I met you, including serving as a Chairman for the Reinhard Bonkee Crusade - counseling team in Aba, Nigeria Crusade. But I must confess that your ministry impacted my life like none else.

As you and Mama fast and seek the Lord, I trust that doors will be opened massively for us to do more for God.

I pray that God will open great financial donor doors for all our Kingdom opportunities.

We will not be discouraged, God that called us is faithful.

God bless you and may this fasting open new doors for HTI, we trust God to also join in the fasting.

Yours sincerely,

Rev. Dr. Fresh Chibuike

National Director HTI NIGERIA
